NHH_SSS_CFSCI_Master.doc (revised 14/11/2003)

Southern Electric is a trading name of SSE Energy Supply Limited which is a member of the SSE Group.
The Registered Office of SSE Energy Supply Limited is No.1 Forbury Place, 43 Forbury Road, Reading, RG1 3JH
Registered in England & Wales No. 03757502
www.southern-electric.co.uk

The Consumption shown is based on our understanding of information held for, given by, or on behalf of the customer as summarised above.

This contract is based on SSE Energy Supply Ltd's information held for the Supply Points listed in the Schedule. SSE Energy Supply Ltd reserves the right to vary this contract should any relevant information prove incomplete, incorrect or change. The contract relates to Prices only. Consumption will be as determined by Inventory.

These Prices are inclusive of Fossil Fuel Levy, however Climate Change Levy and VAT are not included.
From April 2015 a CfD (contract for difference) element was introduced into electricity supply costs, as part of the Levy Control Framework. Our offer includes provision for this CfD cost.

Prices assume payment will be made by variable direct debit within 14 days or fixed/budget direct debit on your elected date. Should alternative arrangements be agreed or the direct debit is cancelled, Prices will be increased by 0.5p/kWh. Prices may be varied if the complete portfolio is not, or cannot be, supplied by Us for the entire Term.

Unless otherwise stated, this contract is subject to Our standard terms and conditions (reference SSEESL/TC8), availability of supply and satisfactory credit status. In respect of Prices stated as being unmetered the contract is subject to Our terms and conditions for the supply of electricity to unmetered supplies (reference SSEESL/TC8um).This document comprises the Schedule and Contract Form referred to in the standard terms and conditions. A copy of the standard terms and conditions is available upon request.

SSE Energy Supply Ltd terms and conditions include provisions which limit SSE Energy Supply Ltd's liability to the customer. The actual Commencement Date for each Supply Point will be subject to Us having confirmed Registration as Supplier and may not be the Commencement Date indicated here. The Supply Points are identified in the Schedule by the unique Core MPAN contained within the Supply Number. By entering into this Agreement the Customer is entering into the standard connection agreement.

For meter points subject to P272 with contract start dates from 05/11/2015, our contract offer is based on the following assumptions:
• That you have a Profile class 05 - 08, fully functioning, AMR compliant meter
• That your metering system is as shown on our contract offer
• That your Available Capacity is consistent with the load factor and consumption profile of your site
• That any existing contract arrangements with 3rd party agents will remain in place
