02.24.05 Clerk's Report

The drainage works on Selling Road were completed a week earlier than planned and weekly updates published on the parish council website and on Facebook. The 30mph roundel was painted on the road of Fox Lane on the 19th January. The precept request has been submitted and acknowledged. An objection to the proposed change of use of agricultural land and conversion of a former poultry shed at Cherry Tree Farm to a residential dwelling was lodged on the planning portal and copies emailed to ward councillors. Enquiries have been made for a cultivation licence for the grass verge in Church Lane. Enquiries have been made to the Wilder Road Verge Officer at Kent Wildlife about what to plant in the grass verge which already has a conservation licence at the junction of Monica Close and Selling Road. The response; it is best to get native plants from a reputable company. If using seed mix the ground will need to be prepared or for a quicker result, plug plants of pollinator friendly species, once the preferred option is known, the officer is happy to assist with more specific advice. An update has been requested for the outstanding items from the Highway's Improvement Plan meeting; Unsuitable for HGV signs for Brenley Lane at Brenley Corner are with the Design and Delivery Team at KCC and Selling School haven't as yet updated their Travel Plan.

Resolved: The Clerk's report was received.

02.24.06 Open Forum

PC Gary Morris gave an update. He reported that the vehicle that knocked the post and sign down hasn't been traced yet. He repeated a warning that in neighbouring villages, car number plates are still regularly being stolen. A transit van was found in a local farmer's field, badly burnt out. PC Morris will explore the possibility of holding a surgery in Selling village.

The Chairman thanked PC Gary Morris for attending the meeting and for providing his update in person.

A member of the public asked the parish council to keep the pressure on Kent County Council to 'side out' and expose the carriageway and to clear the drains at the Fir Tree Plantation where soil and debris is falling into the road. Cllr Day reported the drain there is completely blocked and the creep has extended. **Action:** The Clerk will follow this up with the Asset Team Leader of Kent County Council.

County Cllr Rich Lehmann's written report is circulated with these minutes.
